Who's going to be on deck over the weekend?

Jeff Kelley
Director, Office of External Communications
U.S. EPA Region 5
Ph.: 312-353-1159

I spoke to Jeff who spoke to Karen who is at home tonight and will update the webpage very soon. Jeff thinks we should update it on Saturday and Sunday around 3 PM each day. Cisco will work with Mike Beslow to draft brief updates and Jeff or I will get either Susan's or Rick's approval before posting. Cisco

likely won't go to the site tomorrow but likely will go on Sunday (or at least go into the office). Cisco -- please keep me updated on press inquiries. All, please remember to track your time and charge it to the BP spill response. Phillippa - Jeff asked you to determine who (Karen or Jen) will handle the web postings on Saturday and Sunday. Thanks, everyone.

Subject: RE: Draft Text for BP Update - March 28

Thanks -- looks good -- please add an "o" to the word "reported"

Subject: Draft Text for BP Update - March 28

The U.S. Environmental Protection Agency and the U.S. Coast Guard were on site today to oversee a fourth day of cleanup operations following an oil spill into Lake Michigan that BP reported on March 24. Due to continuing inclement weather, Shoreline Cleanup Assessment Team crew boats were not deployed today. EPA and USCG will be on site over the weekend to oversee cleanup operations. Crew boats will be deployed on Sunday, weather permitting.

Subject: RE: We need an update on the BP Whiting web page for today!

I think we need to say that on the web page -- or it looks like we forgot to update it.
